# Marriott

## NEW YORK DOWNTOWN

*Truly an affair to remember!*

ENECON's worldwide family of distributors, dealers, sales executives and administrative staff gathered together at the Marriott Downtown in New York City to celebrate the company's 25<sup>th</sup> year in business.

Beginning with the traditional welcome dinner on Sunday night, all the way through the gala celebration dinner on Tuesday evening, the entire event was as enjoyable as it was memorable.

Who can forget a picture-perfect evening sailing around Manhattan? Or a show-stopping performance by some of Broadway's finest? Maybe it was simply the chance to have a few drinks and a few laughs with friends and colleagues, both old and new. Every moment of the conference gave each member of the ENECON group something to enjoy and remember for years to come.

In addition to all the fun, the conference also included plenty of business! Two days of meetings saw informative presentations made, new videos introduced, innovative new products launched, and even a few tears of joy shed as we reflected on what ENECON has meant to all of us over the years – and looking forward with excitement to the amazing opportunities coming our way in the years ahead.

*Happy 25<sup>th</sup> Birthday ENECON!*

*Here's to the next 25 years!*

# Welcome...

The Conference opened with a retrospective video of the past 25 years intertwining memorable world events with a photographic history of ENECON's growth over the decades.

1990

2015

# International Business Conference

Ed welcomes everyone by name and offers a greeting to each of our international colleagues in their own languages.

## 20 YEAR CLUB MEMBERS:

Two decades sounds like a long time, but believe it or not, ENECON is fortunate to have a group of people who have been with the organization for 20 years or longer! At the beginning of the conference, Ed and Andy were proud to honor the members of the newly established "20 YEAR CLUB" with a special presentation. Many thanks and congratulations to everyone for their years of dedication to the ENECON organization.

Carl Durham (1995)

# Best Newsletter Competition...

Sean Barrett of ENECON Australia wins \$1,000 for the best **METALCLAD** application story

Peter Ottke of ENECON NorCal wins \$1,000 for the best **CHEMCLAD** application story.

Kinga Sowa of ENECON Poland wins \$1,000 for the best **ENECRETE** application story.

In a tie, Kevin Kelly of ENECON Corporation wins \$1,000 for the best **ENESEAL CR** application story.

In a tie, Mady Baruah of ENECON Corporation wins \$1,000 for the best **ENESEAL CR** application story.

Unable to attend the celebration, Artemy Baladin of ENECON Russia wins \$1,000 for the best **ENECLAD** application story.

## Top Guns...

*A good year to be named Kevin...*

The TOP GUN award is presented each year to the top producing salesperson in ENECON's U.S. direct sales operation. Two TOP GUN awards were presented this year. Kevin Kelly from New Jersey won for top overall sales including turn-key applications. Kevin Padera in Chicago won for most product-only sales. Congratulations to both men for their outstanding efforts.

**Kevin Kelly**

**Kevin Padera**

# 4 New Corporate Videos...

At our 25<sup>th</sup> Anniversary conference, we introduced 4 new videos.

We were delighted to hear all of the great feedback regarding these new films. We certainly agree that these new videos – when added to the existing *ENECON Worldwide* video – provide us all with some very effective options to choose from when introducing ENECON to customers around the world.

*ENECON Introductory Video* – all about ENECON in under 3 ½ minutes!

*ENECON Machinery and Equipment* – a detailed look at this critical segment of the ENECON market.

*ENECON Buildings Structures* – ENECON solutions for concrete repair, roofing, floor protection, structural steel, masonry and more.

*ENECON Combination Video* – a comprehensive video covering the most important aspects from both product groups.

*'JR' introduces 4 new videos.*

## 2 New Products...

One of the requests we have received repeatedly over the years was to create a material that would be suitable for higher temperature applications.

So the new product development team at ENECON, lead by Bob Kneuer and Perry Springstead, went to work this year creating two of the most highly anticipated products we've ever launched -

CeramAlloy HTP and CeramAlloy HTL.

CeramAlloy HTP is a paste-grade High Performance Polymer Composite for rebuilding and protecting all types of fluid flow equipment from aggressive erosion and corrosion damage at elevated temperatures.

CeramAlloy HTL is the liquid version, perfect for resurfacing critical components in high-temperature environments.

## 3 New Colors for... ENESEAL® CR

Green

White

Brown

Mike Tedesco introduced 3 new colors of ENESEAL CR. In addition to the existing Light Gray and Safety Yellow, we are now offering Green, White and Brown as standard colors.

### METALCLAD® CeramAlloy® HTL

**Outstanding erosion/corrosion resistance - even at elevated temperatures!**

- Apply by Brush, Roller or Flexible Applicator
- Requires No Heat
- Unlimited Shelf Life
- 100% Solids
- Safe & Simple To Use

**METALCLAD® CeramAlloy® HTL** is a High Performance Polymer Composite for resurfacing and protecting all types of fluid flow equipment from aggressive erosion and corrosion damage especially at elevated temperatures.

**METALCLAD® CeramAlloy® HTL** is a two component, 100% solids, liquid polymer composite used for repairing, resurfacing and coating both damaged and new components to provide outstanding erosion and corrosion resistance at elevated temperatures. When mixed, **CeramAlloy® HTL** is a viscous liquid. **CeramAlloy® HTL** cures to a hard, ceramic-like material with an extremely smooth surface finish. It has been specifically developed for elevated temperature applications.

- Repairs & Protects...

### METALCLAD® CeramAlloy® HTP

**Repair & rebuild all types of equipment - even at elevated temperatures!**

- Trowelable
- Requires No Heat
- Unlimited Shelf Life
- 100% Solids
- Safe & Simple To Use

**METALCLAD® CeramAlloy® HTP** is a two component, 100% solids polymer composite specifically formulated to rebuild and repair all types of fluid flow equipment that may be subject to elevated temperatures.

# Presentations...

Peter Ottke presents *Applications from 2 Continents* (North & South America).

Garry & John McGehee share *Success Stories from Our Most Senior Distributor*.

Sean Barrett of ENECON Australia wows the audience with his presentation *Big Applications from a Big Country*.

With the help of Kevin Padera, Tim Healy presents *What Creates Success for an ENECON Sales Professional*.

Matt Goldberg's shares his insights on *Developing Key Accounts to Their Fullest Potential*.

Kevin Kelly & Jack Sheets deliver *Major Success Stories: PSEG & NJ Transit*.

*Success Stories from Korea* from Dan Kim.

*Highlights from Latin America*.

*25 Years of Successful Applications* by Bill Woods & Bob Barr

Bob Barr & Garry McGehee present Ed & Andy with a Citation from US Congressman Peter King of NY.

They also marked the occasion with a plaque commemorating ENECON's humble beginnings to the international force it is today.

Dieter Neuhauser & Karl-Heinz Schon presented a one-of-a-kind Statue of Liberty coated in just about all of ENECON's products.

# New York City Cruise...

# A Night to Remember...

We're going to need a bigger stage! ENECON's "10 Year Ring Club" poses for a group photo. The 10 Year Club now includes more than 50 members after this year's new group of inductees. That's a lot of jewelry!

**"PARTNERSHIP"**  
 in 1990, two men came together to found a company based on a shared vision. Their goal was to create a business built on mutually held principles...

**Integrity • Perseverance • Innovation • Cooperation**

Together they developed an enterprise committed to these virtues. Over time they were joined by others from around the world with a similar vision - creating an enduring global partnership as fulfilling and rewarding as their own.

Ed and Andy were presented with a plaque on behalf of the entire ENECON organization, celebrating their partnership and the 25<sup>th</sup> anniversary of the company they created. A special moment for two special guys!

EA Magnetics VP Dave Gerstacker was presented with a beautiful watch to commemorate his 15 years of dedicated service to the EAM/ENECON organization. Congratulations Dave – well deserved!
