

Over 65 Attend ENECON Philippines Customer Event at the Beautiful Mandarin Oriental Hotel

Recently, ENECON Philippines hosted a customer event at the renowned Mandarin Oriental Hotel in Manila, for over 65 current and prospective customers. ENECON's Regional Sales Director, Marco Grande, was on hand to lend his support to Mark Baluyut and his Team.

The multi-media presentation, including a viewing of **ENECON Worldwide**, as well as the ENECON Power Point Presentation, focused on the latest advances in polymeric maintenance and repair technology.

The open question and answer forum permitted the attendees to share their ENECON application stories, as well as learn from each other.

Mark and his entire ENECON Philippines Team did such a great job presenting that the hotel maintenance manager had them look at several potential applications immediately after the seminar.

All the participants agreed that this truly was a first class event.
